

UNDERSTANDING BLUEPRINTS

with *Jim Speck*

Thursday, October 28, 2021
9:00am - 12:00pm EST

Visit
www.NEFDA.com
for more information

1	PART	1	10B21
ITEM	BODY	QTY	MATERIAL
Hosted by:  NEW ENGLAND FASTENER DISTRIBUTORS ASSOCIATION			
DATE: 10/28/21		REV.: C	

Join us for this class where you will learn basic print reading info including: how to read a print, the different types of prints, understanding what needs to be on prints (the details make the difference), understanding tolerances and specifications, and more.

Note: This class is limited to the 25 students.

Please register on line (www.nefda.com) or complete the form below. Confirmations and log in info will be sent upon receipt of registrations.

About the Instructor:

James A. Speck, P.E., worked as a regional manager of the Johnson Gage Company following an extensive career in the fastener industry. He trained and served as a technical expert in the Department of Commerce's National Voluntary Laboratory Accreditation program for fasteners and metals. Jim has presented numerous workshops and seminars on fastener fundamentals, fastener applications, and screw thread technology.

Please feel free to share this opportunity with your industry peers.

Understanding Blueprints-Registration Form

To register, send \$75 (NEFDA Members) or \$125 Non Members. (New NEFDA members joining at this time will receive the member rate).
