About

Established in 1980, the New England Fastener Distributors Association (NEFDA) is a not-for-profit trade association dedicated to supporting and advancing the fastener industry throughout the New England region. NEFDA serves as a hub for connection, education, and recognition among distributors, manufacturers, and suppliers within the industry.

Each year, NEFDA is proud to invest in the industry through our scholarship program for member-affiliated students. Through educational programming and networking events, we remain committed to strengthening professional relationships, fostering industry knowledge, and supporting the next generation of fastener professionals.

One cornerstone of the association is NEFDA Hall of Fame, which honors outstanding contributions to the profession.

Vision

As a professional fastener association, we will create the most valuable experience for our membership, continually striving for improvement and advancement. We will uphold the image of the industry through professionalism and integrity.

Mission

To facilitate increased engagement with individuals and companies in the fastener industry through charitable giving, educational programs, and strengthened industry partnerships.

Values

Our core values:

Community
Professionalism
Education
Stewardship

Past Year Activities

- Education Session
 - Print Reading Webinar
- Bowling Event
- Scholarship Program
- Golf Outing
- Fasteners Fair USA
- International Fastener Expo

Initiatives for Next Year

- Education Session
- Bowling Event
- Scholarship Program
- Golf Outing
- Holiday Event
- Hall of Fame Induction
- Co-Association Networking Event
- International Fastener Expo

Financial Report

2025 Revenue \$65,001
2024 Expenses \$58,052
Net Profit \$6,949

We are pleased to report that the NEFDA has demonstrated remarkable financial resilience over the past fiscal year. While our 2024–2025 year (ending June 30, 2025) concluded with a net deficit, we have focused on strengthening our financial position over the past 11 months and are now positioned to close the 2025–2026 fiscal year with a net positive.

The NEFDA's fiscal year runs from July 1 through June 30. Primary revenue streams are membership dues, our annual scholarship golf outing, and the spring bowling event. These core activities have proven essential to our financial stability and mission.

Currently, the NEFDA maintains its healthiest deposit balances in over six years. Our major expenditures for the year were limited to our revenue-generating events: the bowling event, golf outing, and newsletter production. This approach has allowed us to maximize our return on investment while continuing to serve our membership and community.

The NEFDA is positioned to approach the 2026–2027 fiscal year from a position of financial strength, with robust reserves that will enable us to expand our programs and member services.

2025-2026 Officers of the Board of Directors

2026 Scholarship Recipients

Each spring, the New England Fastener Distributors Association awards scholarships to member–students. This program is the most significant effort the association makes annually. Over the past six years, the NEFDA has awarded over \$105,000 in scholarship funds.

In addition to the NEFDA Scholarship, for the second year, the association is awarding the Bill Donahue Sr. Memorial Scholarship. This scholarship is in memory of Bill Sr. and his countless contributions to the NEFDA. Bill Sr. was an advocate for opportunity and was instrumental in starting the NEFDA Scholarship to help families working in the fastener industry. The Donahue family participated in selecting the recipient of the scholarship and selected Bruce White, son of Rob White of Soule, Blake and Wechsler, Inc.

The scholarship program makes a significant financial impact for member–students and it is only possible through the generous contributions, donations, and participation of our membership.

The NEFDA Scholarship Committee selected 13 recipients this year, totaling \$15,000, in addition to the Bill Donahue Sr. Scholarship of \$2,000.

2026 NEFDA SCHOLARSHIP RECIPIENTS

- \$2,000 – Ines Ulloa, DB Roberts
- \$2,000 – McKayla Orvis, Atlantic Fasteners
- \$2,000 – Kayla Scanlon, Aerospace Nylok
